**References available upon request*

UI/UX Designer with a **Computer Engineering** background, dedicated to building intuitive, accessible digital products. Skilled in user research, wireframing, prototyping, and responsive design that improve usability and engagement.

EXPERIENCE

Sep 2025 - Dec 2025

UI UX INTERN - FORA TECHNOLOGY

- Assisting in user research and gathering requirements for live projects.
- Creating wireframes and low-fidelity prototypes in Figma.
- Supporting the design team in maintaining style guides and design consistency.
- Collaborating with developers and cross-functional teams to understand workflows.

PROJECTS

STAYINEASE – HOTEL MANAGEMENT SYSTEM WEBSITE

- Designed responsive **web and mobile booking interfaces** in Figma with a clean, user-friendly layout.
- Created an **intuitive reservation flow (arrival, departure, guests)** to ensure smooth and effortless booking.

PICK AND GO – SINGLE-VENDOR E-COMMERCE WEBSITE

- Designed the **website interface and user flow** in Figma, focusing on **simplicity and responsiveness**.
- Collaborated with the **development team** to create a smooth browsing and checkout experience for users.

PANAGHAR – BOOK RENTAL WEBSITE

- Designed a **responsive book-sharing platform** with 3 teammates, **leading UI creation and user flow mapping** in Figma.
- Conducted **user research and journey mapping** to ensure accessibility and ease of use.
